14:30 - 14:35 **WELCOME & INTRODUCTIONS**

14:35 – 16:00 **PART ONE - UNDER THE SPOTLIGHT**

- **Engaging Stakeholders in the Net Zero Journey: from talk to action**

Engaging key stakeholders is essential for fostering collaboration and driving organisational change. Taking the conversation from talk to action and sustaining the impact requires more than just a clear strategy and communication, particularly when pursuing ambitious long-term goals associated with Net Zero targets. This panel discussion will explore practical approaches and lessons learnt in the realm of stakeholder engagement.

Panel:

Chair: Gillian Brown, Senior Manager – Sustainable Design, Lloyds Banking Group
Caroline Holman, ESG Manager, LCP Group
Jonathan Waldie, National Sustainability Manager, Bourne Leisure
Julia Blackwell, Energy M&V Manager, CBRE

- **Tackling Heat Decarbonisation Challenges Head-On**

Decarbonising heat continues to pose a significant hurdle for many organisations. This panel discussion will explore these challenges through the lens of individuals directly involved in their organisations' heat decarbonisation efforts. Join us to gain valuable insights, learn about practical solutions, understand future considerations and risks, and engage those currently working on these issues to answer your questions.

Panel:

Chair: Andy Creamer, Group Energy Optimisation Manager, Greencore Group plc
